VENKATA SAI KAKI

DATA ANALYST | OPERATIONS ANALYTICS

Advanced Excel • SQL • Power BI • Python

Medchal, Hyderabad, Telangana 501401 | +91 62812 86711 | sai458285@gmail.com

PROFESSIONAL SUMMARY

Detail-oriented operations professional transitioning into data analytics, with 2 years 7 months of experience in warehouse operations and MIS reporting. Proficient in Advanced Excel, data cleaning, and data validation. Completed training in Power BI (DAX, data modeling, dashboard design) and currently developing SQL skills. Built two dashboard projects — an HR Analytics Dashboard and a Corporate Sales Dashboard — applying these skills to real-world datasets.

TECHNICAL SKILLS

Data Analytics & Reporting: Data Cleaning, Data Validation, KPI Reporting, MIS Reporting, Operational Reporting
Advanced Microsoft Excel: Pivot Tables, Pivot Charts, VLOOKUP, AVERAGEIF, IFERROR, Power Query, Interactive Reporting
Power BI: DAX, Data Modeling, Dashboard Development, Data Visualization
SQL & Databases: MySQL (Currently Learning)
Operations Systems: Warehouse Management System (WMS), Suvega Tracker, GST E-Way Bill Generation
Development & Collaboration: Git, GitHub, Jira

PROFESSIONAL EXPERIENCE

Supervisor | Mahindra Logistics Limited (Zepto) | Hyderabad, Telangana — Dec 2025 – Apr 2026

- Supervised daily warehouse operations and manpower deployment in a high-volume fulfilment environment.
- Coordinated dispatch execution and logistics workflows to support timely order fulfilment.
- Prepared Excel-based operational reports to improve daily performance visibility.
- Monitored workflow issues and partnered with teams to support smooth daily execution.

System Operator | Ratnadeep Retail Pvt Ltd | Hyderabad, Telangana — Aug 2023 – Sep 2025

- Managed E-Way Bill documentation and related operational records.
- Operated WMS and Suvega Tracker for stock and dispatch tracking.
- Prepared daily and monthly operational reports using Excel.
- Coordinated with transporters, store teams, and warehouse staff to support smooth dispatch operations.
- Maintained accurate operational data and records to support day-to-day business activities.

PROJECTS

HR Analytics Dashboard | Advanced Excel, Pivot Tables, Pivot Charts, Slicers |
github.com/Venkata-Sai143/HR_Analytics_Dashboard

- Cleaned and validated a 20,000-record HR dataset using VLOOKUP, IFERROR, and DATEDIF to ensure accuracy and consistency.
- Built an interactive dashboard with KPI cards, Pivot Charts, and slicers to analyze salary cost, performance, attendance, and city-level trends.
- Reported total salary cost of ₹138.22 Cr, a near-zero salary–performance correlation (0.003), and 1,721 employees meeting the project's attendance and performance review criteria.

Corporate Sales Dashboard | Power BI, DAX, Power Query |
github.com/Venkata-Sai143/Power-BI-Corporate-Sales-Dashboard

- Built a 3-page interactive Power BI dashboard analyzing ₹872.02M in corporate sales across 9,000 orders, with an Executive Overview, detailed category/region analysis, and an auto-generated insights narrative.
- Identified Electronics as the top revenue category (54% share, ₹474.41M) despite a thin 10.91% margin, pointing to cost structure rather than discounting as the key margin driver.
- Surfaced year-over-year trends, including a 20.4% sales decline in 2025 following a 2024 peak of ₹253M, with Tamil Nadu as the top-performing state (₹104M) in the South region.

TRAINING & PROFESSIONAL DEVELOPMENT

Data Analyst Training | Guided program with trainer support | Hyderabad, Telangana — Aug 2026 – Present

- Completed modules in Advanced Excel and Power BI (DAX, data modeling, dashboard design); currently developing SQL skills, with Python, Tableau and Statistics modules upcoming.
- Publishing practical projects on GitHub as each module is completed.

EDUCATION

Bachelor of Arts (BA) | Andhra University, Visakhapatnam, Andhra Pradesh | 2020 – 2023
